

## CREATIVE COMPETITION for Expressboxes Quaich

*(Presented by Elaine Johnston)*

### RULES

1. All members compete on equal terms.
2. An entry consists of up to three images, judged on an individual basis, with the top image being awarded the trophy.
3. Members must hold the copyright of all component elements used in the image and they must have been taken or created within the previous three years.
4. **Definition:** Creative photography is defined as “**altered reality**” and involves producing an image through the use of imaginative skill or originality of thought. This includes modifications in the darkroom, on the computer, or in the camera, as well as unusual points of view, imaginative use of subject matter or lighting, or any other presentation that begins with the photographer’s image(s), but defies the normal appearance of things.
5. The format of entries requested is:
  - a. Create a folder for the competition. Name it CREATIVE
  - b. Within this folder create another folder bearing your name e.g. John Smith.
  - c. Number and Name the images
    - 1 First Title
    - 2 Second Title
    - 3 Third Title
  - d. Note the space between number and title and also the spaces between words of the title.
  - e. The reason for having spaces between words in the title is because we have the option to display the title briefly when the image is projected. The title should therefore be as you would like it to appear on screen, with capitalisation as desired.
  - f. Once you have saved the images to CD please check that the disc can be ‘read’ by your computer. This request is to minimise any problems that might occur when the images are processed into the software on the club’s laptop.
